

LAST VAUDEVILLE BILL OF SEASON—OPENS TODAY

"THE BACHELOR'S DINNER" is the headline act on the Pantages bill at the Orpheum today, Friday and Saturday. This show closes the vaudeville season in Ogden and is an excellent show—3 shows daily—10-20-30 Cents.

STRIKE VOTE ON S. P. TO BE CONCLUDED BY JUNE 10

The strike vote on the Southern Pacific railroad, participated in by all members of the Brotherhood of Locomotive Firemen and Engineers, Order of Railroad Conductors and Brotherhood of Railroad Trainmen is to be concluded on June 10.

The various grievances involved in the vote, as summarized by the railroad men, include the following:

- Refusal of company to meet co-operative board;
- Definite settlement of question of company meeting the engineers' and firemen's committees jointly;
- Disregard for the minimum day rate for conductors and trainmen in both passenger and freight service;
- Disregard for rules governing assignments of conductors and trainmen;
- Disregard for the Chicago agreement with respect to increase in passenger mileage for conductors and trainmen;
- Disregard for federal mediation electrical settlement of 1913 affecting all members of engine and train service;
- Disregard for continuous time rules governing engineers and firemen, company claiming right to relieve crews en route and deduct time tied up, except that crews would be protected under "held for service" rules;
- Disregard for engineers' and firemen's terminal rules, company claiming right to establish terminals at any point, either temporary or otherwise, which in effect means "terminals at convenience";
- Disregard for letter from General Manager Scott providing that engine crews would be run in turn, or on runs to which assigned, when they had time to make the trip within limitations of hours of service law;
- Disregard for rules governing extra lists of engineers and firemen, company claiming right to establish extra lists at any point;
- Disregard for rules governing bulleting of runs for engineers and firemen and assignments thereunder;
- Disregard of settlement on cases 6 and 7, cooperative dockmaster, October 1912, which provide first for prompt replies to all correspondence by officials of the company and, second, that the adjustment of any case would serve as precedent for the adjustment of all similar cases. This vitally affects all men in engine, train and yard service.

WORLD'S MARKETS

NEW YORK, May 31.—Steel touched 136 just before noon on further confident absorption in single lots up to 12,000 shares. Other active issues, rails and motors excepted, continued to improve. The more notable gains included American, Cuba Can and South Porto Rico Sugars, at advances of 3 to 9 points, American Tobacco 4, Tobacco Products 2 1/2, Baldwin Locomotive 3 1/2, American Car 2 1/2, Harvester 2 and Marine Preferred 2 1/2. Industrial Alcohol, Federal Smelting, Superior and Gulf States Steels, Barrett Company and Oils and Papers were among the varied stocks included in the broad upward sweep of the morning at gains of 2 to 5 points. Bonds were steady.

CHICAGO, May 31.—Excellent crop reports had a bearish effect today on the wheat market. According to one authority, Texas and Oklahoma have the finest crops ever produced in those states. It was said harvesting would be started near Ardmore, Okla., tomorrow. Opening prices, which ranged from 1/2 cent to 3 cents lower, with July at \$1.94 to \$2, were followed by reactions from the extreme bottom figures and comparative steadiness at 2 1/2 to 3 cents under Tuesday's close.

Corn developed notable strength as a result of reports that the growing crop was being adversely influenced by too much rain and too little warmth. Besides, the rains were expected to delay the movement of old corn to market. After opening 1/2 cent off to 1 cent advance, prices rose sharply all around.

Oats hardened in value with corn. Field advices, however, were promising and gains were only slight.

Higher quotations on hogs and corn gave some firmness to provisions. Demand, though, was not urgent.

MESSAGE IS SENT TO THE RUSSIANS

President Wilson Has Outlined the War Aims of the United States.

WASHINGTON, May 31.—President Wilson has sent a document to the Russian government outlining the war aims of the United States and it is understood, dealing with the position of "no annexations, no indemnities" set out by Russian officials.

It is not to be published until Ambassador Francis in Petrograd has had opportunity to present it to the Russian government, and then it will be given out in Washington. The terms of the communication meanwhile are regarded as highly confidential.

HOUSE RENEWS CENSORSHIP WAR

Party Lines Stand Out in Debate—Republicans Oppose and Democrats Support.

WASHINGTON, May 31.—The long drawn out contest over the question of a newspaper censorship was renewed in the house today. Party lines stood out as the debate began. Republicans generally opposed the censorship section, while Democrats generally supported it.

The modified censorship proposed by conference report on the espionage bill would forbid willful publication of military information, but not news of equipment of armed forces and the president would be authorized to declare by proclamation what information would not be useful to the enemy and might be published. Jury trial for persons accused of violations would be permitted.

PRINCE UDINE TELLS OF WAR

WASHINGTON, May 31.—Prince Udine, in his address in the senate today, said:

"Nearly three years have elapsed since Europe, without any justifying motive at all, beyond the will of a small military oligarchy, was driven into the greatest conflict which human history records. Little nations, which were entirely guiltless and which, within their small territory, contained masterpieces of art and treasures of industry, have been barbarously sacrificed.

"In the conquered countries, personal slavery has returned as in the worst periods of medieval invasions. In the enemy's camp science has perhaps been brought to justify all these excesses. Will human conscience ever be able to justify them? Your wars have been fought for independence and liberty. In your wars and in ours an ideal light has guided us, and our efforts have all directed towards a most noble aim. What ideals did those who have brought so much suffering upon the world aim at, outside the dominion of force and the triumph of violence?"

"For nearly three years our continent looked with anxious eyes toward your great and free country. We knew that the European war had increased your trade and given new vigor to your industries. Many feared that because of the ocean that divides us the great cry of grief from oppressed Belgium would only sound faintly in your ears; many feared that, absorbed by the struggles of industry and labor, you would fail to take an interest in our struggles and in our sorrows."

SEN. W. H. KING HERE ON RETURN FROM FUNERAL

United States Senator William H. King was in Ogden a few minutes this morning and while here held a brief personal conference with Judge Chas. C. Richards.

The senator is returning to Washington, D. C., from Oregon, where he attended the funeral of Senator Lane as a member of the congressional committee. He appeared in excellent health and said he expected to be in the harbor again at the national capital next Monday.

Deaths and Funerals

RASMUSSEN—Mrs. Henrietta Rasmussen, mother of Mrs. D. R. Wheelwright of Ogden, died last night at the home of Mrs. Joseph Hadley of Brigham City. Mrs. Wheelwright and Mrs. Hadley were at the bedside of their mother when the final call came. A son, Carl, is in Germany. The funeral will be held Friday at 2 p. m.

SHIRK—The funeral of James M. Shirk will be held next Monday at 2 p. m. in the Larkin & Sons chapel, and interment will be in the Mountain View cemetery.

FIVE DELAYED AUTOS ARRIVE IN OGDEN FROM WEST

Five automobiles from San Francisco, that should have arrived in Ogden last Friday with the San Francisco "Ad" club party, arrived last evening, members of the party having been delayed by terrible road conditions in Nevada, following recent storms.

The entire party left this noon for the east, over the Overland Trail and Lincoln Highway through Utah and Wyoming. They were accompanied by the big Moreland truck, which had been thoroughly overhauled in Ogden.

Members of the party were entertained at the Ogden Country club yesterday and at the Weber club this morning, prior to their departure for the east. While they do not expect to attend the advertising convention in St. Louis, as a result of their delays, they will make the tour as originally planned.

HOME GUARDS ARE TO BE ENTERTAINED ON FRIDAY NIGHT

On Friday night, the members of the Home Guard after their drill, are to be entertained at the Armory with wrestling and boxing events.

At the conclusion of the drill, the doors will be closed to all except members of the Guard, and Jack Harbertson and other well-known athletes will put on an exhibition. Harbertson agrees to throw any ten of the Guard within one hour.

A number of clever boxers will be seen in action.

Captain Charles Barton is arranging an evening of enjoyment, with real sport.

NO FREIGHT WILL BE DELIVERED AFTER NOON SATURDAYS

Freight stations in Ogden will be closed, as far as delivery of freight is concerned, on Saturday afternoons in the future, according to an announcement made this morning.

The decision affects the Union Pacific, Southern Pacific, Denver & Rio Grande, Oregon Short Line and the Ogden, Logan & Idaho railways. The order becomes effective on Saturday, June 2, at 12 o'clock, and will continue on Saturdays thereafter.

Federated shippers on the Nickel Plate have secured an agreement.

California may compel tramps to work on the farms.

FOREMAN ARRESTED ON A CHARGE OF BATTERY

Oscar S. Johnson, one of the foremen at the plant of the Ogden Packing and Provision company, was arrested this morning by Detective Robert Chambers on a charge of battery.

The complaint in the case was sworn out by George Mocas, one of the former employees of the company, now on strike.

According to information obtained by the police, when Mocas quit work Saturday with the other striking employees, he demanded the wages due him. An argument followed and it is alleged that Johnson assaulted Mocas and injured him quite badly.

Secretary S. S. Jensen of the packing company states that a majority of the employees are satisfied with the new schedule, which provides for an extra half hour of work five days and the closing of the work-day Saturday at 3 p. m.

SHOP BAND MAKES A HIT ON NEVADA OUTING

There was rejoicing at the Southern Pacific shops today when some of the members of the shops' baseball team and military band returned from Reno, Nev., with the news that the Ogden ball players won the game played yesterday with the Reno team.

More than 700 persons saw the contest, including about 100 rooters from Ogden. It is expected that the other Ogdenites will return tonight on train No. 10.

According to members of the party that came home on train No. 20, the baseball team and band made a great hit with the Reno people.

OLD COINS SELL FOR TEN THOUSAND

SAN FRANCISCO, May 31.—Two local business men who bought a collection of 2000 old coins from the Society of California Pioneers for \$5000 and recently sold two of these for \$10,000, with the expectation of realizing approximately \$50,000 more on the remainder have created something of a sensation among the pioneers as a result of the speculation.

The pioneer society had, for years, kept its coin collection in glass cases in the United States mint here, where thousands of persons had viewed it. Six months ago Secretary McCade of the treasury department wanted more room in the building and ordered it taken out.

It was explained at the office of the society that it was deemed best to sell the collection for \$5000 rather than move it into their building, with watchman, insurance and other expenses.

RUSSIANS SUCCESSFUL.

PETROGRAD, May 31, via London, 4:30 p. m. (British Admiralty, per Wireless news).—Troops of the Russian Caucasus army have successfully beaten off hostile attacks at several points in Armenia and on the Mesopotamian front, the war office announced today.

DISLOYALTY PUNISHED.

CLEVELAND, May 31.—Charged with disorderly conduct in making a speech against conscription, Andrew Anderson was fined \$25 and costs and sentenced to thirty days' imprisonment.

LAST PANTAGES BILL OF THE SEASON OPENS TODAY

This week is the closing week of Pantages vaudeville and is headlined by a delightful musical comedy, "THE BACHELOR'S DINNER," with 12 people in the cast and six other great acts—TODAY, FRIDAY, SATURDAY.

BOY SCOUTS WILL KILL GRASSHOPPERS

SAN FRANCISCO, May 31.—Among the many activities to which the Boy Scouts have pledged themselves in California is that of protecting the farmer against any possible invasion by grasshoppers. Every year grasshoppers do damage to crops in some section of the state, but if early information is available to the growers as to the breeding places of the pests, they can be attacked before they have a chance to migrate to the farmers' fields.

Five men from the agricultural department of the University of California have been making a survey of the state in order to discover the grasshopper breeding grounds for this season. As these have been found the Boy Scouts have made their drives on the enemy. The control of grasshoppers is best accomplished at the time they are assembling, which always occurs before migration. At that time the insects are attacked with some form of hopper-doxer, and may be kept under restraint.

NO INJUNCTION TO STOP THE DRAFT

KANSAS CITY, Mo., May 31.—Judge Daniel Bird, in the circuit court here this afternoon, denied an injunction to prevent state officials from enforcing the draft registration next Tuesday. The injunction was sought on the ground that the draft act was unconstitutional.

50-hour law in Massachusetts is after a union labor for women.
